<p>OSSA-12874</p> <p>1. We were most interested in the contact report of your dinner meeting with <input type="checkbox"/> but of course disappointed to hear of his "re-version to Neutral Swedish Gray." On the basis of your conversation and assessment of <input type="checkbox"/>, we agree that he does not appear suitable for a leading role in ABCYMBAL.</p> <p>2. As you requested, we reviewed the <input type="checkbox"/> file. Subject's interest in combating the spread of Soviet ideology and his familiarity with Soviet Affairs in general through his work in the Foreign Office would seem to make him an excellent candidate to aid us in propagating the "deterrent" theme.</p> <p>3. Subject of <input type="checkbox"/> could also undoubtedly be of help on this program, although not as a principal agent, since as explained in OSSW-7816, 29 November 1962, it would be impossible to obtain an operational clearance for him due to still unresolved questions concerning his background.</p> <p>4. While we believe it is important for field stations to push the ABCYMBAL theme whenever possible, we realize that few field stations have time to give it the momentum required to make the program effective. In an attempt to broaden the scope of the program, therefore, we plan to set up a PEPRIE directed mechanism. We are now endeavoring to find an established organization whose goals are compatible with the ABCYMBAL program and a competent Principal Agent who can be inserted into the organization in a position which will allow him to hire assistants free to travel and develop contacts with organizations or individuals in foreign countries. Such a mechanism can of course be used to disseminate propaganda.</p> <p>Distribution: 2 - <input type="checkbox"/></p> <p style="text-align: center;">GROUP I Excluded from automatic downgrading and declassification</p> <p>CS COPY FILED IN 200-126-71</p>
